The standard portable CP-EW4051WN LCD has 4000 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 12500 hours, which is over 17.1 years if enjoyed for two hours a day. The horizontal and vertical keystone correction allows the projector to be positioned very freely. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. It is also Full HD 1080P compatible. This model is no longer offered by Hitachi.
